

Caregiver Education Sessions *Eastern Edge RCSD* January – May 2018

These **free sessions** are intended to provide parents, caregivers, teachers, and community members with basic information about addiction and mental health challenges that can impact children and youth. Presentations are hosted in schools but are open to all adults to attend.

Breaking the Cycle of Anxiety: A Step by Step Approach (Focus is on in Kids/Teens in Kindergarten – Grade 12)

Anxiety is one of the most common mental health complaints in children and teens today. This session will distinguish between normal anxiety and anxiety that is no longer helpful or productive. It will help caregivers to identify signs that a child or adolescent is experiencing problems with anxiety. Caregivers will gain step by step strategies to assist their child/teen to manage their anxiety and improve their mental health. Resources for parents will be provided as well as tools designed to reduce anxiety.

Caregiver Education Sessions *Eastern Edge RCSD* January – May 2018

Technology and the Teenage Brain

Technology is a huge part of our children's lives – and a common concern for most parents who are learning how to keep up in an ever changing world. Social media, video gaming, internet use and cell phones may already be topics of debate within your family. Come together to learn how this modern use of technology can impact the developing teenage brain. This session will review some of the risks but also the benefits of technology. Parents and teens will learn ways to stay safe and balanced in their use of technology to better support positive mental health.

★ Both parents and teens (grades 7 – 12) are encouraged to attend this session together. ★

Register for a Technology and the Teenage Brain session at:

Caregiver Education Sessions *Eastern Edge RCSD* January – May 2018

Supporting Self-Regulation in Elementary School Children

Do you wish you have more information to help children handle strong emotions? Did you know that self-regulation is an essential element to lifelong success? This session will define self-regulation and how it is used in everyday life. It will provide a helpful review regarding the development of self-regulation in children. The strategies and resources provided will empower and foster caregivers' essential skills to increase children's mental health and resiliency.

January – May 2018

More than Just a Bad Day: Understanding and Supporting Youth with Depression and Self-Injury

This session will help caregivers increase awareness about adolescents who might be experiencing sadness, depression and intentionally injuring themselves. We will explore factors that contribute to depression and the motivation behind self-injurious behavior. Caregivers will learn about treatment options for depression as well as strategies to help support youth who may be engaging in self-injury.

Test Anxiety: Strategies for Success

Does your teen prepare for a test only to freeze or blank out during the test? Does your teen's anxiety hold them back from their full potential? Test and performance anxiety is very common among students. This session will help teens learn how to succeed in spite of their anxiety and help caregivers support their teens to reduce test anxiety. We will explore what happens when a student experiences test anxiety and provide practical strategies and resources for you and your teens to use to manage anxiety symptoms.

★ Both parents and teens (grade 7 – 12) are encouraged to attend this session together. ★
